

# ECE Round Table

Continuing the Conversation

### The Operations Management Summit

Discussing expanding your implementation strategies and resources to continue the momentum of good planning.

### Great Administrators

From the agenda driven by attendees, we will look at next level resources to help address the topics you found most important.

### The Fall Technical Assistance

The discussion continues beyond the keynotes and featured speakers from the Fall TA. We will invite guest presenters to reflect further on hot topics and takeaways from the 3-day conference.

## An Interactive Webinar Series

Designed to Support the Conversation After You Return Home

The ECE Round Table Webinar series will feature guest speakers and shared resources designed to help you implement your favorite big event takeaways. Learn ways you can engage with fellow attendees and keep those networking connections that matter most. RSVP at [everychildca.org/ece-roundtable](http://everychildca.org/ece-roundtable)
